

hoopla™

For iOS

What is Hoopla?

Hoopla is a digital service that allows you to borrow and stream movies, TV, music, audiobooks, eBooks, and comics! Hoopla is available on your computer, mobile and streaming devices -- all free with your MCPL card!

GETTING STARTED

- To begin, head to the **App Store** and search for Hoopla Digital. Tap on the **+Get** button to begin downloading and installing. Once the app has installed, tap on **Open**.
- The Hoopla app will open and you can register for a Hoopla account. To register, simply tap on **Sign Up** on the main Log In screen.

- Enter the required information and tap on Next
 - ⇒ Email address (enter twice)
 - ⇒ Password (enter twice)
- If the app doesn't immediately find a library based on location, you can search for Middle Country Public Library. Once you see MCPL, tap on the name. When you see a check mark next to the library name, tap on Next
- Enter in your library card number, then tap on Sign Up, and you will be logged in

BROWSING & BORROWING

- Once logged in, you will be able to browse through all of the titles available to you. You will be brought to the My Hoopla section of the app.
- Use the menu at the bottom of the app to navigate different sections, including Video, Music, and Books.
- Tap on a section to start browsing
 - ⇒ You can sort titles by Recommended, Featured, or Popular; or browse through different genres by simply clicking on **Genres** in the top right corner of the app.
- To **Search** for a title, just tap on the search icon on the menu and type in whatever you are looking for.
- To **Borrow**, click on the cover image of a title, and simply choose **Borrow**. That's it!
 - ⇒ Different types of content have different return dates. **Movies and TV can be borrowed for 72 hours; music can be borrowed for 7 days; audiobooks, eBooks, and Comics can be borrowed for 21 days.**
 - ⇒ *Please note that you may only borrow 15 titles each month.* This number will reset at the beginning of each month.

STREAMING & DOWNLOADING

- Once a title is borrowed it can be immediately played.
- To download a title for **offline** streaming, tap on the text that reads **Download to Your Device**.
 - ⇒ The download may take some time depending on the title you are downloading.
- **You can also get Hoopla on your streaming device! Just search for Hoopla, download, and sign in!**
- If you pause something, Hoopla will save your spot so you can watch or listen from where you left off.
