I Know the Colors

(Draw a quick sketch of each object)

I know the colors for painting fun.

Green like grass and yellow sun.

An orange pumpkin and white snow.

A red rose and a black crow.

Blue like a mailbox, brown like an ape.

A pink pig and some purple grapes.

This is the Way

(Sung to the tune of Here We Go Round the Mulberry Bush)

(Do the motions for each activity as you sing)

This is the way we stir the paint, stir the paint, stir the paint.

This is the way we stir the paint, so early in the morning.

This is the way we dip our brush, dip our brush, dip our brush.

This is the way we dip our brush, so early in the morning.

This is the way we frame our picture, frame
our picture, frame our picture.

This is the way we frame our picture, so early in morning.

Create:

Floating Chalk Prints

Materials:

- A few pieces of different colored chalk
- Popsicle stick or plastic knife for scraping chalk
- Tray or shallow basin to put water in
- 1 sheet of paper

Procedure:

1. Add water to the tray. An inch and a half of water is enough.
2. Scrape chalk directly over the water in the tray.
3. When the surface of water is covered with chalk, place paper onto the surface of water. Do not submerge it.
4. Gently lift one corner and pull paper toward you.
5. Hold paper over the tray and let excess water to drip off.
6. Lay your paper flat to dry.
7. Once it is dry you can display your floating chalk impressionist masterpiece!
8. If you want to, you can draw in some objects such as trees, flowers, boats, etc.
See picture below. This step is optional!
