

GAME REVIEW

Title: Fall Guys

Age Rating: E

Gaming System: PS4 (free across several platforms)

Teen Difficulty Rating: 5/5

Teen Rating: 5/5

Description:

This video game is a battle of online users that compete in many different types of races. There are 60 players to start and only 1 of them can win. There are about 4-6 races and/or team games. Every race and/or team game can be randomly selected. After every race, a certain number of people are eliminated until only one person wins. A winner gets 1 crown, which can be used to buy many things.

Favorite or Least Favorite Part:

My favorite part of Fall Guys is the finals. I like the finals because the races are super fun and this is when the game is at its hardest.
