Program Registration:  
Children & Teens - December 8th • ADULTS - December 9th

## **National Leadership Grant**

We are pleased to announce the Institute of Museum and Library Services has awarded the Middle Country Library Foundation (MCLF) a National Leadership Grant to support Enriching Library Family Programming Using the Smithsonian Institution's Talk with Me Toolkits. More than 130 institutions applied for this federal grant program and only 39 received this prestigious funding. In partnership with the Smithsonian Office of Educational Technology (OET) and Goodling Institute for Research in Family Literacy at the Pennsylvania State University, Family Place Libraries, an initiative of MCLF, will work to adapt and evaluate the Smithsonian OET's free, online Talk with Me Toolkits (TMTs) for use in libraries' family literacy and engagement efforts. Pilot tests of these toolkits will take place at multiple Family Place Libraries throughout the country including the Middle Country Public Library.

Parents and children (ages 4-7) are invited to participate in programs that utilize the toolkits, hands-on activities, and literature to enhance literacy skills while providing feedback on how these tools can assist families throughout the country. This pilot program will be open to Middle Country residents for registration beginning December 8th.

“As pillars of our communities, libraries and museums bring people together by providing important programs, services, and collections. These institutions are trusted spaces where people can learn, explore and grow,” said IMLS Director Crosby Kemper. “IMLS is proud to support their initiatives through our grants as they educate and enhance their communities.”

## **MCPL Awarded Digital Literacy Incentive**

MCPL is among 160 public libraries nationwide awarded funding by the Public Library Association (PLA) to conduct digital literacy workshops using DigitalLearn.org resources. The incentive, supported by AT&T, provides library funding to conduct digital literacy training and help close the digital divide, especially for English language learners. Programs will include lessons on video conferencing, digital basics, travel apps and a technology drop-in program. Participants will receive one raffle ticket for each workshop attended for a chance to win a Samsung Galaxy Tab S6 Lite tablet. Registration is required, but this program is open to all. For more information, please call 631-585-9393 and speak with Gilda Ramos, ext. 248 or Amber Gagliardi, ext. 274.
